

Table with columns: Main author / coordinator, Abstract Title, Central Auditorium. Sessions include: 10:45 Industry 4.0 in Aeronautics Part I, 11:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 12:00 Aerodynamic Analysis and Design Part I, 13:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 14:00 Aerostuctures: Surfaces and Interfaces Part II, 15:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 16:00 Aerostuctures: Surfaces and Interfaces Part II, 17:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session.

Table with columns: Main author / coordinator, Abstract Title, Central Auditorium. Sessions include: 11:00 The regional dimension of Clean Sky: Innovation and Technologies created in the European aeronautics regions, 11:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 12:00 Aerodynamic Analysis and Design Part II, 13:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 14:00 Aerostuctures: Surfaces and Interfaces Part II, 15:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 16:00 Aerostuctures: Surfaces and Interfaces Part II, 17:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session.

Table with columns: Main author / coordinator, Abstract Title, Central Auditorium. Sessions include: 10:00 Environmental, Recycling and Disposal Strategies, 10:30 R&D Research in the Field of Aeronautics and Air Transport - ENABEH2 Session, 11:00 Innovative Manufacturing Techniques for Aircraft Component, 11:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 12:00 Environmental, Recycling and Disposal Strategies, 12:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 13:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 14:00 Environmental, Recycling and Disposal Strategies, 14:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 15:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 16:00 Environmental, Recycling and Disposal Strategies, 16:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 17:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session.

Table with columns: Main author / coordinator, Abstract Title, Central Auditorium. Sessions include: 9:00 Human Factors Part I, 9:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 10:00 Environmental, Recycling and Disposal Strategies, 10:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 11:00 Innovative Manufacturing Techniques for Aircraft Component, 11:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 12:00 Environmental, Recycling and Disposal Strategies, 12:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 13:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 14:00 Environmental, Recycling and Disposal Strategies, 14:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 15:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 16:00 Environmental, Recycling and Disposal Strategies, 16:30 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session, 17:00 R&D Research in the Field of Aeronautics and Air Transport - STRATOFly Session.
