

Special Issues

The Scientific Committee and the Organizing Committee have come to agreement with a number of scientific journal to publish a special issue from works presented in the 7th EASN International Conference.

In this context, prospective authors will have the opportunity to publish their work, after peer-review process, in one of the following journals.

- 1) Aircraft Engineering & Aerospace Technology Journal
- 2) Journal of Aerospace Engineering
- 3) International Journal of Structural Integrity
- 4) Frattura ed Integrita Strutturale (Fracture and Structural Integrity)

More information concerning the opening of the submission process and the respective deadlines will follow in due time.
